National accreditation no. 100/4811/X
NOCN qualification no. CZ2FAQ0001

National Open College Network

The National Open College Network (NOCN) is a major awarding body providing a national framework of credit units and national qualifications. NOCN offers a complementary range of national and local services including curriculum development to support local, regional and national demand.

NOCN works with providers, employers, sector bodies and others to develop flexible and responsive credit based awards and qualifications that widen access to lifelong learning and address exclusion, participation and achievement.

The NOCN Credit and Qualification Framework provides opportunities for learners to achieve unit credits and use these to provide a route to full qualifications and further learning. Quality assurance, supported at the point of delivery, underpins all NOCN credit achievement and qualifications.

The NOCN Level 1 Award in Library and Information Skills is designed to fit within NOCN's flexible framework. The qualification provides easily accessible learning in the area of Library and Information Services. It provides the underpinning knowledge and skills for learners who work within or are familiar with Library and Information Units.

NOCN, through its Open College Networks (OCNs), has over 3,000 Centres across the UK. NOCN approves Centres that can demonstrate the ability to meet national requirements for course delivery and quality assurance to support credit awards and qualifications.

NOCN has wide-ranging experience in centre and programme approval and supports centres locally to ensure all awards are valid and valued.

1. About the qualification

The NOCN Level 1 Award in Library and Information Skills will widen participation by offering diverse and flexible learning opportunities through which people can develop basic skills, knowledge and understanding to broaden progression opportunities.

The NOCN Level 1 Award in Library and Information Skills will provide a much-needed stepping-stone for a wide variety of learners into the National Qualifications Framework (NQF) at this level. As a compact and easily accessible qualification, it will be a first step entry point enabling learners to achieve a recognised national qualification, which can be delivered in a variety of settings requiring practical experiences for completion.

The qualification has been developed with the Offenders Learning and Skills Unit and representatives of the Prison Libraries Group. The Chartered Institute for Library and Information Professionals (CILIP) have endorsed the qualification.

The qualification aims to enable learners to understand the different types of library and information services within the UK and the organisation of a Library and Information Unit including elements of information management, the role of technology in the provision of the services, maintenance of data, understanding the differing needs of various user groups and appreciate aspects of health and safety and legislation relevant to library and information services.

Guided Learning Hours

The recommended guided learning hours for one unit credit is 10. The total recommended guided learning hours is 60. This is notional learning time based on the credit values assigned to the units, and the number of unit credits required to achieve the qualification. Some learners will be able to achieve these units in a shorter time, other learners; particularly those with literacy requirements will take much longer.

Key Skills

Each unit within the qualification has been mapped to identify where opportunities exist for learners to achieve key skills. In designing activities for unit assessment you will be able to use the mapping to identify which key skills could be addressed through evidence generated by learners. The degree of opportunity in any one unit will depend on centre-specific factors including learning context, teaching and learning strategies and resources.

How the Qualification Relates to Wider Education and Training Issues

The qualification will contribute to an understanding of the ethical, social and cultural issues within the sector. The units of the qualification address some of the environmental issues for Library and Information Services and health and safety considerations. Learners will gain an understanding of the relevant legal issues.

Unit Title	Social, Cultural & Ethical issues	Health & Safety	Equal Opportunities	Environmental Issues	European Awareness/ Legislation
Introduction to Library and information Skills		✓			
Introduction to Library Services		✓		✓	✓
Introduction to Library Support Services	✓		✓		✓

Relationship with national occupational standards

At the time of publication, there are no national occupational standards at Level 1 from the Information Services National Training Organisation (ISNTO).

Language Requirements

If you have a requirement for this qualification in Welsh, please contact NOCN who will review demand and provide as appropriate. At present this qualification is not offered through the medium of Irish. This will be reviewed if there is evidence of demand.

2. Who is the qualification for?

The NOCN Level 1 Award in Library and Information Skills is aimed at learners already working within a library setting and people working within a Library and Information Services unit within prisons.

The minimum age for access to the qualification is 16+.

16+ will enable learners in Young Offenders' Prisons to access the qualifications. As a compact, competence-based Award the wider availability will enable a wide range of learners to access a national qualification.

Restrictions on Learner Entry

NOCN qualifications are designed to be open access without the need for prior knowledge or attainment in the specific area.

However, it is envisaged that most learners will already be working within a Library setting.

Recommended Prior Learning

There are no specific requirements for entry to the NOCN Level 1 Award in Library and Information Skills.

Learners will need to be able to:

Level	Intellectual Skills and Attributes	Processes	Accountability
Level One	<ul style="list-style-type: none"> • Employ a narrow range of applied knowledge and basic comprehension. • Demonstrate a narrow range of skills. • Apply known solutions to familiar problems. • Present and record information from readily available sources. 	<ul style="list-style-type: none"> • Show basic competence in a limited range of predictable and structured contexts. • Utilise a clear choice of routing responses. • Co-operate with others. 	<ul style="list-style-type: none"> • Exercise a very limited degree of discretion and judgement about possible actions. • Carry out responsibility for quality and quantity of output. • Operate under direct supervision and quality control

Progression Opportunities

The NOCN Level 1 Award in Library and Information Skills enables progression to further learning opportunities at Levels Two and Three including:

- Level 2 NVQ in Information and Library Services
- Level 3 NVQ in Information and Library Services
- AS/A Levels.

It is envisaged that many of the learners who achieve the qualification will already be working within or have experience of a Library and Information Unit setting and will therefore enable them to progress in their career in this area. The qualification will also enable progression into employment in this sector to positions such as Library Assistants.

Learners with Particular Requirements

Assessment within the NOCN Level 1 Award in Library and Information Skills is designed to be accessible and inclusive. The criterion referenced approach to unit/qualification assessment allows flexibility through an assessment methodology, which is deemed appropriate and rigorous for individuals or groups of learners.

If you have learners with particular requirements you should use the guidance in the NOCN Centre Handbook in applying for reasonable adjustments.

3. Achieving the qualification

To achieve the qualification the learner must successfully complete:

- One Mandatory unit of three unit credits
- One Optional unit of three unit credits

The qualification requires achievement of the specified units with no further requirement for additional/summative assessment. Achievement is therefore determined by successful completion of unit assessment.

The methodology for assessment is therefore:

- Internally set - against the requirements detailed in the units (Centre)
- Internally assessed (Centre)
- Internally moderated (Centre)
- Externally moderated (NOCN).

4. The qualification units

Please click on the hyperlinks below to access the units from the NOCN website.

The assessment activities for the units are indicated in the assessment grid table on the individual units.

An explanation of the kind of activity, assessment and evidence expected at the appropriate level is given below.

Oral Question and Answer

Specific, open or closed questions for immediate response. Can range from quite formal questions, for example, an oral test, to a quick, fun way of finding out where learners are up to, for example, a quiz. Allows response and questioning from learners and immediate feedback from tutor.

	Activity	Assessment	Evidence
Level One	Process should be informal and should include both open and closed questions covering a narrow range of knowledge. Learners should be encouraged by the use of supplementary questions.	Assessment by tutor	Evidence could be: tutor record/notes or audio/video record

Written Question and Answer/Test/Exam

Specific, open and closed questions for immediate response. Can range from formal exams and tests, to a quick, fun way of finding out where learners are up to, for example, a quiz. Allows response and questioning from learners and feedback from tutor.

	Activity	Assessment	Evidence
Level One	Process should be informal and non-threatening. Questions should encourage learners to make use of knowledge rather than just testing recall.	Assessment by tutor or external marker (for exams/tests).	Evidence could be: written responses.

Project

A specific task involving private study and research for individuals or groups. Normally involves selection of a topic, planning, finding information and presenting results orally or in writing.

	Activity	Assessment	Evidence
Level One	Task should be selected with support from tutor to allow the demonstration of knowledge and skills in a range of predictable, structured and familiar contexts.	Assessment through tutor observation and questioning during and at the end of the process.	Evidence could be: tutor record, learner notes, plans, reports, learner log or audio/video/photographic record.

5. How the Qualification will be assessed?

The qualification is awarded to learners who successfully achieve the required units as per the qualification specification indicated in Section 3. Achieving the qualification.

Unit Assessment

Achievement of units is through internally set, internally assessed and externally moderated assessment activity. Centres devise assessment tasks to meet the specification for assessment detailed for each unit. The activity must meet the standards detailed in the assessment grid provided on each unit. If the assessment method is prescribed, it must be used to assess the unit.

Centre devised assessments will be scrutinised by the external moderator against the unit specification and NOCN Assessment Definitions grid to ensure reliability and validity of assessment. Centres will be required to provide samples for local and national standardisation activity.

Marking Tasks

Each task must be assessed against the identified assessment criteria in the unit and judged to be either achieved or not achieved. Where a series of tasks is set, learners must demonstrate the achievement of the required standard identified in the assessment criteria in all tasks in order to achieve the unit credit. Units are either achieved or not achieved.

Recording Achievement

To record a learner's performance in each unit you may use the forms provided in [Section 10](#) of the NOCN Centre Handbook. The form/s should record the learner's performance against the unit assessment criteria evidenced by the task.

Assessment Summary

To achieve the qualification the learner must achieve all the assessment components for the units. No compensation across units is allowed.
