## **1. Overview of Qualification**

These qualifications are competency based and as such, offer the opportunity for learners to demonstrate an achievement of practical skills, understanding and knowledge and will provide learners with a comprehensive construction operative skillset to enable them to progress to employment in the construction sector.

This qualification also supports progression to further learning.

### **1.1. Entry Requirements**

There are no formal entry requirements for learners undertaking this qualification. The qualification can be undertaken without any previous training or qualifications in this subject area.

The qualification has been developed for achievement in a real workplace environment which means the learner must be employed to undertake this qualification.

The learner must be able to demonstrate the requirements of the qualification and have access to required assessment opportunities and relevant resources. Please refer to specific assessment competency requirements on individual components for more information.

Centres should undertake initial assessment activities with learners to ensure this an appropriate qualification for them, and they can achieve the level they will be studying before enrolling them onto a programme of learning.

This qualification is available to learners aged 19 + years or over.

### **1.2. Progression Routes**

Achievement of one of these qualifications confirms the learner has gained the knowledge, skills and competencies required to:

- Progress into employment

OR

- Progress into further training and/or experience could enable entry into supervisory and management positions within the workplace.

## 2.2. Total Qualification Time (TQT)

Through consultation with users, TQT has been agreed by considering the total number of learning hours required for the average learner to achieve the qualifications.

TQT is split into two areas:

Area	Example of activities
<p><b>1. Guided Learning Hours (GLH):</b></p> <ul style="list-style-type: none"> <li>• learning activity under the immediate guidance or supervision of a lecturer, supervisor, tutor or other appropriate provider of education or training</li> <li>• includes the activity of being assessed if the assessment takes place under the immediate guidance or supervision of a lecturer, supervisor, tutor or other appropriate provider of education or training</li> </ul>	<ul style="list-style-type: none"> <li>• Classroom-based learning supervised by a teacher</li> <li>• Work-based learning supervised by a teacher</li> <li>• Live webinar or telephone tutorial with a teach in real time</li> <li>• E-learning supervised by a teacher in real time</li> <li>• All forms of assessment which take place under the immediate guidance or supervision of an appropriate provider of training</li> <li>• Exam time</li> </ul>
<p><b>2. Other Learning Hours (OLH):</b></p> <ul style="list-style-type: none"> <li>• an estimate of the number of hours a learner will spend, as directed by (but not under the immediate guidance or supervision of) a lecturer, supervisor, tutor or other appropriate provider of education or training, including:                             <ul style="list-style-type: none"> <li>○ preparatory work</li> <li>○ self-study</li> <li>○ any other form of education or</li> </ul> </li> </ul>	<ul style="list-style-type: none"> <li>• Independent and unsupervised research/learning</li> <li>• Unsupervised compilation of a portfolio of work experience</li> <li>• Unsupervised e-learning</li> <li>• Unsupervised e-assessment</li> <li>• Unsupervised coursework</li> <li>• Watching a pre-recorded podcast or webinar</li> <li>• Unsupervised work-based learning</li> </ul>

### **2.3. Assessment and Evidence**

The qualifications are internally assessed units.

#### **Internal assessment (internally set and internally assessed)**

Internal assessment activity must ensure evidence of achievement against **all** the requirements specified within each component.

For assessments that are internally set, the IQA will need to ensure pre-verification of assessment tasks take place prior to its use to ensure that it is an appropriate assessment tool, that it is inclusive to learners of all needs, that it meets the principles of assessment and does not hinder learner attainment of the NOCN assessment evidence requirements.

The learner will be required to produce a Portfolio of Evidence showing how the learner has met the performance and knowledge criteria for each unit required within the qualification/pathway, as directed by the learner's assessor.

The learner will be assessed against a set of performance and knowledge statements which have been derived from National Occupational Standards for your occupational.

Refer to the **NOCN Quality Assurance Manual** for further information on the Internal Quality Assurance process. This can be found on the NOCN website at [www.nocn.org.uk](http://www.nocn.org.uk)

Assessment activities must be robust in that the assessment decisions are made based on evidence, which is valid, authentic, current, sufficient, and reliable regarding the assessment taking place:

Assessment activities must be robust in that the assessment decisions are made based on evidence, which is valid, authentic, current, sufficient, and reliable regarding the assessment taking place:

- Valid** The validity of an assessment decision is ensuring that the right thing has been assessed in the right way to deliver an accurate assessment result.
- Authentic** The assessment process must ensure that all evidence of achievement is authentic in that it has been created solely by the learner (unless otherwise required) and has not been plagiarised. If work was not authentic, it would undermine the entire the assessment process and overall qualification system.
- Current** The assessment process must ensure that the evidence used to claim qualification or unit achievement reflects current industry/qualification practice. This can be done by ensuring that the evidence is relevant at the time of the assessment as well as ensuring that the assessor has used the most-up-date assessment documentation.
- Sufficient** The Assessor must review assessment evidence to judge whether the learner has generated enough evidence at the right level to confidently cover all relevant learning outcome or assessment criteria requirements. The Assessor must also ensure their records of the assessment are complete, legible and accurate.

**Reliable** The Assessor must ensure that they are making reliable and consistent assessment decisions across their learners and with other Assessors within the Centre. Assessment decisions must also be consistent over time and across academic/programme cycles. This can be supported by attending standardisation activities.

Learners will be required to complete the assessments created by CITB - SSB units. Once the learner has completed the tasks, they are to be assessed internally by appropriate centre staff.

The assessment unit's documents are available from the NOCN website, and they include all information needed by the learner to complete the tasks. The assessment decisions can be recorded on the assessment documents – (Evidence Tracking unit documents on website – search qualification / structure and units section, click on unit for Tracker document - <https://www.nocn.org.uk/products/qualifications/>).

## **2.4. Fair and Equitable Assessment**

Assessment must be designed to be accessible and inclusive, and the assessment methodology must be appropriate for individual assessment, giving due consideration to any assessment requirements attached to individual components.

## **2.5. Learners with Particular Requirements**

If you are a NOCN Recognised Centre and have learners with particular requirements, please see the **NOCN Reasonable Adjustments and Special Considerations Policy and Procedure** found on the NOCN website at [www.nocn.org.uk](http://www.nocn.org.uk)

This policy gives clear guidance on the reasonable adjustments and arrangements that can be made to take account of disability or learning difficulty without compromising the assessment criteria.

The NOCN Centre Approval process requires the Centre to hold policy statements on Equal Opportunities, Diversity and Disability Discrimination, which will be reviewed by NOCN.

Please refer to the **NOCN Quality Assurance Manual** for further details.

## **2.6. Recognised Prior Learning**

Recognising Prior Learning is an assessment process that recognises learning that has its origins in a learner's experience and/or previous formal and informal learning contexts. This includes knowledge and skills gained within school, college, university, and outside formal learning situations such as through life, employment, apprenticeships, and other work experiences.

NOCN is committed to the Recognition of Prior Learning (RPL) and has developed a policy and procedures to inform and support Centres. This is available on the NOCN website at [www.nocn.org.uk](http://www.nocn.org.uk)

## **2.7. Assessment and Evidence for the Components**

Forms and guidance for gathering learner evidence against the individual assessment criteria are available for download in Word format on the NOCN website:

[www.nocn.org.uk/support/nocn-support/quality-assurance/](http://www.nocn.org.uk/support/nocn-support/quality-assurance/)

## 3. Centre Information

### 3.1. Required Resources for Delivering the Qualification

As part of the requirement to deliver these qualifications there is an expectation that staff undertaking roles as part of the delivery and assessment of the qualifications have a demonstrable level of expertise.

NOCN expects that Tutors and Assessors are able to demonstrate the following competencies:

#### 3.1.1. Tutor Requirements

- Be technically competent/subject matter experts, hold or be registered as working towards, a recognised education and training qualification, have experience of delivering training within this subject area. The minimum expectation is that the level of competence of the Tutor should be at the same level as the training that is to be delivered.

#### 3.1.2. Assessor Requirements

- Be technically competent, have experience of carrying out assessment activities and hold, or be registered as working towards, a recognised assessing qualification. The minimum expectation is that the level of competence of the Assessor should be at the same level as the qualification being assessed.

#### 3.1.3. Internal Quality Assurer Requirements

Each Centre must have internal quality assurance policies and procedures in place to ensure that decisions made by Assessors are appropriate, consistent, fair, and transparent, and that they do not discriminate against any learner. The policies and procedures must be sufficient to secure the quality of the award, ensuring validity, reliability, and consistency.

NOCN expects that an Internal Quality Assurer is able to demonstrate the following competencies:

They should:

- Have an understanding of the subject area, have experience in carrying out internal quality assurance activities and hold, or be registered as working towards, a recognised Internal Quality Assurance qualification. The minimum expectation is that the level of competence should be at the same level as the qualification being quality assured.

NOCN supports and recognises Centres' internal quality assurance systems which support the above; any system should include standardisation and sharing of good practice.

Centre staff may undertake more than one role, e.g. tutor, assessor or internal quality assurer, but they **cannot** carry out any quality assurance on work that they have previously assessed.

Refer to the NOCN Quality Assurance Manual for further information on the Internal Quality Assurance process. This is available on the NOCN website at [www.nocn.org.uk](http://www.nocn.org.uk) here: <https://www.nocn.org.uk/support/nocn-support/quality-assurance/quality-assurance-manual/>

### **3.1.4. Continuing Professional Development (CPD)**

Centres are expected to support their staff, ensuring that their subject knowledge remains current and that their members of staff are up to date with regards to best practice in delivery, assessment, and quality assurance.

### **3.1.5. External Quality Assurance**

Once recognised as a Centre, NOCN will allocate an External Quality Assurer. The External Quality Assurer will have ongoing responsibility for monitoring the Centre's compliance with the requirements of recognised Centre approval status.

The External Quality Assurer will make regular visits to all Centres. During these visits they will:

- Monitor the Centre's compliance with the Centre approval criteria by reviewing course documentation, meeting managers, tutors, internal quality assurers, learners, and administrative staff.
- Review the standard of the Centre's assessment and internal quality assurance practices and decisions to determine whether all assessment requirements are met to support safe and valid claims for certification.

Refer to the **NOCN Quality Assurance Manual** for further information on the External Quality Assurance process. This is available on the NOCN website at [www.nocn.org.uk](http://www.nocn.org.uk) here: <https://www.nocn.org.uk/support/nocn-support/quality-assurance/quality-assurance-manual/>

## **3.2. Offering the Qualification**

### **Existing Centres**

If you are already recognised to offer NOCN qualifications and would like more information about offering this qualification, please contact: [business-enquiries@nocn.org.uk](mailto:business-enquiries@nocn.org.uk), alternatively use Horizon to add this qualification(s) to your Centre.

### **New Centres**

If you are interested in offering this qualification, but are not yet a NOCN Approved Centre and would like more information about becoming a NOCN centre and offering this qualification please see **Become a Registered Centre** on our website <https://www.nocn.org.uk/customers/nocn-centres/> and click Become a Centre.

## 4. Component Information

Within the NOCN Level 6 NVQ Diploma in Construction Contracting Operations Management (Construction) qualification it consists of Mandatory and Optional components. The qualification structure (**see section 2**) set out the rules for achieving the qualification.

To achieve this qualification a learner must provide evidence of learning and achievement against all the assessment requirements within each of their chosen components via a Portfolio of Evidence route.

A copy of all Mandatory and Optional components can be downloaded via the NOCN website.
