

Title:	Hanging wallcoverings to complex surfaces in the workplace	
Level:	3	
Value for TQT:	320	
Learning outcomes <i>The learner will be able to:</i>	Assessment criteria <i>The learner can:</i>	
1 Interpret the given information relating to the work and resources when hanging wallcoverings to complex surfaces.	1.1	Interpret and extract relevant information from drawings, specifications, current regulations, schedules, risk assessments method statements and manufacturers' information.
	1.2	Comply with information and/or instructions derived from risk assessments and method statements.
	1.3	Describe the organisational procedures developed to report and rectify inappropriate information and unsuitable resources and how they are implemented.
	1.4	Describe different types of information, their source and how they are interpreted in relation to: drawings, specifications, current regulations, schedules, risk assessments, method statements, manufacturers' information, official guidance and current regulations governing buildings associated with occupational requirements.
2 Know how to comply with relevant legislation and official guidance when hanging wallcoverings to complex surfaces.	2.1	Describe their responsibilities regarding, potential accidents, health hazards, people and the environment, whilst working: – in the workplace, below ground level, in confined spaces, at height, with tools and equipment, with materials and substances, with movement and storage of materials by manual handling and mechanical lifting.
	2.2	Describe the organisational security procedures for tools, equipment and personal belongings in relation to site, workplace, company, operative and vehicles.
	2.3	Explain what the accident reporting procedures are and who is responsible for making reports.
	2.4	Describe the types of fire extinguishers available when hanging wallcoverings to complex surfaces and describe how and when they are used.
3 Maintain safe and healthy working practices when hanging wallcoverings to complex surfaces.	3.1	Use health and safety control equipment safely and comply with the methods of work to carry out the activity in accordance with current legislation and organisational requirements when hanging wallcoverings to complex surfaces.

Title:	Hanging wallcoverings to complex surfaces in the workplace		
Learning outcomes <i>The learner will be able to:</i>	Assessment criteria <i>The learner can:</i>		
3 continued	3.2 Demonstrate compliance with given information and relevant legislation when hanging wallcoverings to complex surfaces in relation to all of the following: <ul style="list-style-type: none"> – safe use of access equipment – safe use, storage and handling of materials, tools and equipment – specific risks to health 		
	3.3 Explain why and when health and safety control equipment, identified by the principles of prevention, should be used, relating to hanging wallcoverings to complex surfaces, and the types, purpose and limitations of each type, the work situation and general work environment, in relation to: <ul style="list-style-type: none"> – collective protective measures – personal protective equipment (PPE) – respiratory protective equipment (RPE) – local exhaust ventilation (LEV). 		
	3.4 Describe how the relevant health and safety control equipment should be used in accordance with the given instructions.		
	3.5 Describe how emergencies should be responded to in accordance with organisational authorisation and personal skills when involved with fires, spillages, injuries and other task-related activities.		
	4 Select the required quantity and quality of resources for the methods of work to hang wallcoverings to complex surfaces.	4.1 Select resources associated with own work in relation to materials, tools and equipment.	
4.2 Describe the characteristics, quality, uses, sustainability, limitations and defects associated with the resources in relation to: <ul style="list-style-type: none"> – surface preparation materials – pastes and adhesives – wallcoverings – protective sheeting – waste containers and/or bags – plant and access equipment – hand tools, power tools and associated equipment. 			
4.3 Describe how to confirm that the resources and materials conform to the specification.			
4.4 Describe how the resources should be used correctly and how problems associated with the resources are reported.			

Title:		Hanging wallcoverings to complex surfaces in the workplace	
Learning outcomes <i>The learner will be able to:</i>		Assessment criteria <i>The learner can:</i>	
4 Cont...		4.5	Explain why the organisational procedures have been developed and how they are used for the selection of required resources.
		4.6	Describe any potential hazards associated with the resources and methods of work.
		4.7	Describe how to calculate quantity, and length including wastage associated with the method and procedure to hang wallcoverings to complex surfaces.
5 Minimise the risk of damage to the work and surrounding area when hanging wallcoverings to complex surfaces.		5.1	Protect the work and its surrounding area from damage in accordance with safe working practices and organisational procedures.
		5.2	Maintain a clear and tidy work space.
		5.3	Dispose of waste in accordance with current legislation.
		5.4	Describe how to protect work from damage and the purpose of protection in relation to general workplace activities, other occupations, members of the public and adverse weather conditions.
		5.5	Explain why the disposal of waste should be carried out safely in accordance with environmental responsibilities, organisational procedures, manufacturers' information, statutory regulations and official guidance.
6 Complete the work within the allocated time when hanging wallcoverings to complex surfaces.		6.1	Demonstrate completion of the work within the estimated, allocated time.
		6.2	Describe the purpose of the work programme and explain why deadlines should be kept in relation to: <ul style="list-style-type: none"> – types of progress charts, timetables and estimated times – organisational procedures for reporting circumstances which will affect the work programme.
7 Comply with the given contract information to hang wallcoverings to complex surfaces to the required specification.		7.1	Demonstrate the following work skills when hanging wallcoverings to complex surfaces: <ul style="list-style-type: none"> – shading, measuring, matching and cutting, mixing and applying adhesive, folding, positioning, fixing, trimming and cleaning-off.

Title:	Hanging wallcoverings to complex surfaces in the workplace
Learning outcomes <i>The learner will be able to:</i>	Assessment criteria <i>The learner can:</i>
	<p>7.2 Use and maintain hand and power tools and associated equipment.</p> <p>7.3 Establish start and finish point and hang substantial length foundation or finishing wallcoverings to given working instructions for three of the following (including at least one with a matching patterned wallcovering):</p> <ul style="list-style-type: none"> – sloping ceiling – free-standing columns and/or pillars – stairwells – ceiling (above average span) – alcoves and/or niches and/or arches – complex structural wall features including internal and external angles. <p>7.4 Work around electrical fittings and pipework.</p> <p>7.5 Describe how to apply safe and healthy work practices, follow procedures, report problems and establish the authority needed to rectify them, to:</p> <ul style="list-style-type: none"> – establish access requirements – check suitability of surface to receive wallcovering – prepare pastes and adhesives – prepare and hang matching patterned wallcovering to ceilings (above average span) – prepare and hang foundation, textured and /or relief and patterned finishing wallcovering – prepare and hang wallcovering to: sloping ceilings, free-standing columns and/or pillars, stairwells, complex structural features including internal and external angles, ceilings of above average span, alcoves/niches/arches – work around electrical fittings and pipework – provide information for Building Information Modelling (BIM) – identify and follow manufacturers' instructions – work around and in close proximity to plant and machinery – direct and guide the operations and movement of plant and machinery – inspect and use access equipment – work at height – use hand tools, power tools and associated equipment. <p>7.6 Describe the needs of other occupations and how to</p>

	effectively communicate within a team when hanging wallcoverings to complex surfaces.
	7.7 Describe how to maintain the hand and power tools and associated equipment used when hanging wallcoverings to complex surfaces.

Title:	Hanging wallcoverings to complex surfaces in the workplace
Additional information about this unit	
Assessment Guidance	<p>This unit must be assessed in a work environment, in accordance with the ConstructionSkills' Consolidated Assessment Strategy for Construction and the Built Environment.</p> <p>Assessors for this unit must have verifiable, current industry experience and a sufficient depth of relevant occupational expertise and knowledge, and must use a combination of assessment methods as defined in the Consolidated Assessment Strategy.</p> <p>This unit must be assessed against the endorsements detailed within the relevant NVQ Structure. Please refer to the NVQ Structure applicable to the qualification/occupational area in which the candidate is being assessed.</p>
Sector Subject Areas	05.2 Building and Construction
Availability for use	Shared unit
Unit guided learning hours	110
Assessment hours	30
