

Title:	Producing comb textured finishes in the workplace	
Level:	3	
Value for TQT:	140	
Learning outcomes <i>The learner will be able to:</i>	Assessment criteria <i>The learner can:</i>	
1 Interpret the given information relating to the work and resources when producing comb textured finishes.	1.1	Interpret and extract relevant information from drawings, specifications, current regulations, asbestos report, risk assessments method statements, schedules and manufacturers' information.
	1.2	Comply with information and/or instructions derived from risk assessments and method statements.
	1.3	Describe the organisational procedures developed to report and rectify inappropriate information and unsuitable resources and how they are implemented.
	1.4	Describe different types of information, their source and how they are interpreted in relation to: <ul style="list-style-type: none"> – drawings, specifications, current legislation, schedules, risk assessments, method statements and manufacturer's information official guidance and current regulations governing buildings associated with occupational requirements.
2 Know how to comply with relevant legislation and official guidance when producing comb textured finishes.	2.1	Describe their responsibilities regarding, potential accidents, health hazards people and the environment, whilst working: <ul style="list-style-type: none"> – in the workplace, below ground level, in confined spaces, at height, with tools and equipment, with materials and substances, with movement and storage of materials by manual handling and mechanical lifting.
	2.2	Describe the organisational security procedures for tools, equipment and personal belongings in relation to site, workplace, company operative and vehicles.
	2.3	Explain what the accident reporting procedures are and who is responsible for making reports.
	2.4	Describe the types of fire extinguishers available when producing comb textured finishes and describe how and when they are used.

Learning outcomes <i>The learner will be able to:</i>	Assessment criteria <i>The learner can:</i>
<p>3 Maintain safe and healthy working practices when producing comb textured finishes.</p>	<p>3.1 Use health and safety control equipment safely and comply with the methods of work to carry out the activity in accordance with current legislation and organisational requirements when producing comb textured finishes.</p>
	<p>3.2 Demonstrate compliance with given information and relevant legislation when producing comb textured finishes in relation to all of the following:</p> <ul style="list-style-type: none"> – safe use of access equipment – safe use, storage and handling of materials, tools and equipment – specific risks to health including any highlighted by asbestos report
	<p>3.3 Explain why and when health and safety control equipment, identified by the principles of prevention, should be used, relating to producing comb textured finishes, and the types, purpose and limitations of each type, the work situation and general work environment, in relation to:</p> <ul style="list-style-type: none"> – collective protective measures – personal protective equipment (PPE) – respiratory protective equipment (RPE) – local exhaust ventilation (LEV).
	<p>3.4 Describe how the relevant health and safety control equipment should be used in accordance with the given working instructions.</p>
	<p>3.5 Describe how emergencies should be responded to in accordance with organisational authorisation and personal skills when involved with fires, spillages, injuries and other task-related activities.</p>

Learning outcomes <i>The learner will be able to:</i>	Assessment criteria <i>The learner can:</i>
4 Select the required quantity and quality of resources for the methods of work to produce comb textured finishes.	4.1 Select resources associated with own work in relation to materials, tools and equipment.
	4.2 Describe the characteristics, quality, uses, sustainability, limitations and defects associated with the resources in relation to: <ul style="list-style-type: none"> – powder-based and ready-mixed texturing materials – primer and/or sealer – protective sheeting and masking materials – waste containers and/or bags – plant and access equipment – hand tools, power tools and associated equipment.
	4.3 Describe how to confirm that the resources and materials conform to the specification.
	4.4 Describe how the resources should be used correctly and how problems associated with the resources are reported.
	4.5 Explain why the organisational procedures have been developed and how they are used for the selection of required resources
	4.6 Describe any potential hazards associated with the resources and methods of work.
	4.7 Describe how to calculate quantity, including wastage of materials required associated with the method and procedure to produce comb textured finishes.

Learning outcomes <i>The learner will be able to:</i>	Assessment criteria <i>The learner can:</i>
5 Minimise the risk of damage to the work and surrounding area when producing comb textured finishes.	5.1 Protect the work and its surrounding area from damage in accordance with safe working practices and organisational procedures.
	5.2 Maintain a clear and tidy work space.
	5.3 Dispose of waste in accordance with current legislation.
	5.4 Describe how to protect work from damage and the purpose of protection in relation to general workplace activities, other occupations, members of the public and atmospheric conditions.
	5.5 Explain why the disposal of waste should be carried out safely in accordance with environmental responsibilities, organisational procedures, manufacturers' information, statutory regulations and official guidance.
6 Complete the work within the allocated time when producing comb textured finishes.	6.1 Demonstrate completion of the work within the estimated, allocated time.
	6.2 Describe the purpose of the work programme and explain why deadlines should be kept in relation to: <ul style="list-style-type: none"> – types of progress charts, timetables and estimated times – organisational procedures for reporting circumstances which will affect the work programme.

Learning outcomes <i>The learner will be able to:</i>	Assessment criteria <i>The learner can:</i>
<p>7 Comply with the given contract information to produce comb textured finishes to the required specification.</p>	<p>7.1 Demonstrate the following work skills when producing comb textured finishes:</p> <ul style="list-style-type: none"> – mixing, applying, brushing and/or trowelling, combing and cleaning.
	<p>7.2 Prepare materials and produce combed textured finishes to ceilings and/or walls to given working instructions of circle and/or fan pattern and one other manufacturer's recognised comb design.</p>
	<p>7.3 Use hand tools, power tools and associated equipment.</p>
	<p>7.4 Describe how to apply safe and healthy work practices, follow procedures, report problems and establish the authority needed to rectify them, to:</p> <ul style="list-style-type: none"> – establish access requirements – prepare previously textured existing and new surfaces for texturing – prepare texturing materials – produce a circle and/or fan pattern design <ul style="list-style-type: none"> – produce other comb designs as found in trade and manufacturer's literature – work around electrical fittings and pipe work – identify how atmospheric conditions affect coatings and their application process – identify the working life of prepared materials – provide information for Building Information Modelling (BIM) – recognise and determine when specialist skills and knowledge are required and report accordingly – identify and follow manufacturer's instructions – work around and in close proximity to plant and machinery – direct and guide the operations and movement of plant and machinery – inspect and use access equipment – work at height – use hand tools, power tools and associated equipment
	<p>7.5 Describe the needs of other occupations and how to effectively communicate within a team when producing comb textured finishes.</p>
	<p>7.6 Describe how to maintain the hand tools, power tools and associated equipment used when producing comb textured finishes.</p>

Title:	Producing comb textured finishes in the workplace
Additional information about this unit	
Assessment Guidance	<p>This unit must be assessed in a work environment, in accordance with the ConstructionSkills' Consolidated Assessment Strategy for Construction and the Built Environment.</p> <p>Assessors for this unit must have verifiable, current industry experience and a sufficient depth of relevant occupational expertise and knowledge, and must use a combination of assessment methods as defined in the Consolidated Assessment Strategy.</p> <p>Workplace evidence of skills cannot be simulated.</p>
Sector Subject Area	05.2 Building and Construction
Availability for use	Shared unit
Unit guided learning hours	50
Assessment	20
