### Introduction

NOCN is a market-leading awarding organisation that has been providing qualifications, assured short courses, including SiteRight courses for a wide range of centres, including FE colleges and training providers, for 30 years both in the UK and internationally.

We work with centres to deliver a high quality and flexible service for learners to underpin our passionate belief in the power of education and its impact on communities and individuals.

We offer all the advantages of being with a national awarding organisation with a diverse portfolio of qualifications, alongside providing a personalised, bespoke, service to our centres and learners.

As an accredited Leader in Diversity, we are proud of our reputation as a provider of fully accessible, trusted, and flexible qualifications.

### About NOCN Group

NOCN is part of NOCN Group, a progressive educational charity whose core aims are to help learners reach their potential and organisations thrive. The group includes business units specialising in regulated UK and international qualifications, end point assessment, endorsed programmes and assured short courses, Smart job cards, assessment services, consultancy, and research.

NOCN Group shares a joint purpose to offer learners, training providers, employers, and FE Colleges a fully integrated range of learning and skills development products and services.

Information about all our courses and qualifications is available from our website:  
[www.nocn.org.uk/](http://www.nocn.org.uk/)

## Course Specification: Crane Related Lifting Awareness

NOCN Group have produced this Assured Course in association with **Select Lifting Academy** to promote safety in the construction industry].

This course is an awareness course and is not designed for people responsible for the planning or completing lifting operations. It will give the attendees an overview of areas of risk in terms of health and safety and an awareness of planning and delivering processes during lifting operations and checks that should have taken place. While also giving them a fundamental understanding of the lifting equipment and performing a safe lifting operation. The course aims to provide a foundation in crane-related lifting awareness and is suitable for both newly appointed & qualified construction personnel.

This course is designed for up to 10 delegates who require an awareness of safe crane lifting operations with theoretical training delivered in a discussion-based atmosphere via PowerPoint, exercises, and case studies. The experiences of the delegates will be used to find an appropriate level and depth so that all attendees will find this course useful either as an overall awareness or as an introduction to crane lifting operations.

It is desirable that delegates are CSCS card holders.

The outline, structure and content of this course is assured by NOCN Group.

### Course Content Overview

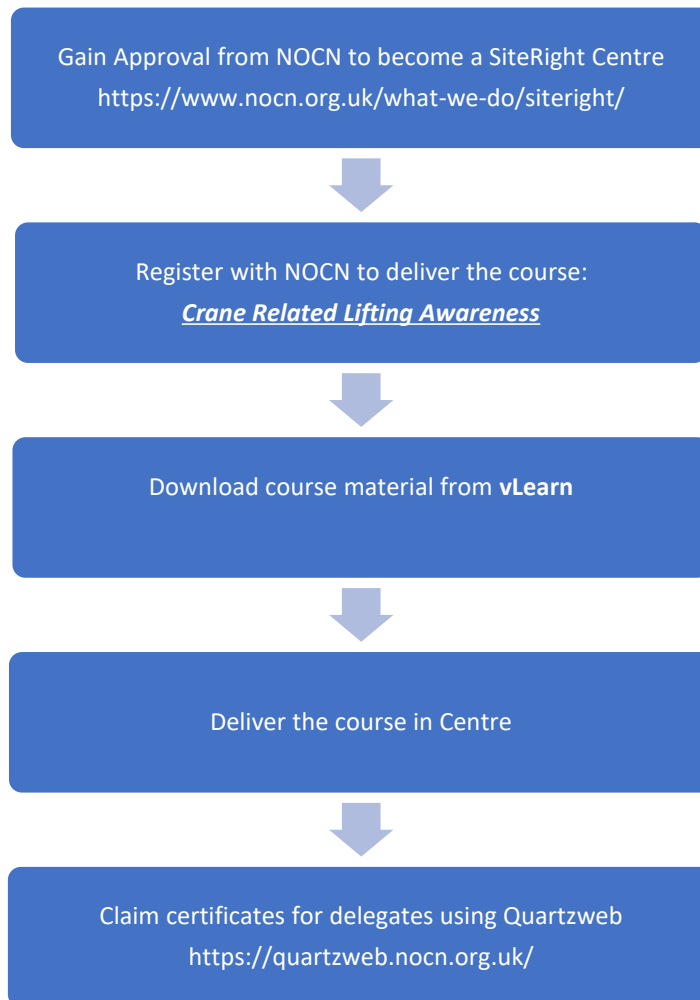

- Roles, Responsibilities, Legislation & Guidance
- Lifting Principals, Controls and SSOW
- Ground Conditions, Loadings and Stability
- Lifting Equipment
- Ropes, Block and Accessories.
- Load SSI (Stability, Security, and Structural Integrity)

### Course Approval

Prior to advertising or delivering this Assured Course, organisations must first gain Centre Approval from NOCN as well as gaining approval for each individual SiteRight Assured Course. For further information regarding gaining approval, please contact the NOCN Quality Assurance Team at [assurance@nocn.org.uk](mailto:assurance@nocn.org.uk).

### Approval, Readiness, Deliver and Certification Process

### Trainer Requirements

A trainer is required to deliver this course. A trainer includes anyone within your Centre who is facilitating the training to learners in any environment e.g., tutor, trainer, teacher, coach, facilitator. That individual can also perform the role of Assessor for this course.

All trainers and assessors must:

- Hold verifiable knowledge of the occupational standards at or above the level being taught.

## SiteRight Crane Related Lifting Awareness

- Hold or be working towards a recognised teaching/training or assessor qualification (dependent on their role), examples of what NOCN will accept are detailed within the Quality Assurance Manual.
- Keep up to date with industry best practice for the duration of their role.
- Maintain a record of Continuous Personal Development (CPD).
- Hold an up-to-date CV.
- *There is no train-the-trainer course for trainers wishing to run this course, but it is expected that anyone wishing to deliver the course should have completed it themselves.*

Please refer to the SiteRight Assured Course Quality Manual, available on the NOCN website for further tutor requirements.

## Resource and Equipment Requirements

In order to deliver the course, the Centre must have access to and make use of the following resources and equipment:

Requirement	Detail
Training Environment	• <u>Classroom / training room with facilities to display PowerPoint.</u>
Tools/Equipment	• N/A
Personal Protective Equipment (minimum)	• N/A
Delivery	• <u>Classroom / training room with facilities to display PowerPoint.</u>
Testing	• <u>The course is assessed by a paperbased assessment available on vLearn</u>

## Course Delivery

The course must consist of a maximum of **10** delegates unless pre-agreement is gained from NOCN. The course will be delivered over a **1-day** period.

The course is both theory-based, delivered via a presentation.

The NOCN assured training resources must be used to deliver the training. To ensure that the most up-to-date material is being used centres must download the material from vLearn

## **SiteRight Crane Related Lifting Awareness**

each time, prior to delivery of a course. All surplus training material must be destroyed after each occasion that a course has been run.

The structure of the training is provided by the course PowerPoint. Trainers are expected to use these resources to guarantee that delegates are witness to the total information required to successfully complete this course.

### **Assessment**

The course is assessed using a paper-based assessment that contains a mix of multiple choice and short answer questions.

Certification is then completed by the tutor once the delegates have completed the course.

Certification for this course is valid for 10 years from the date of training.

### **Quality Assurance**

The Quality Assurance requirements of SiteRight Assured Course delivery can be found within the SiteRight Assured Course Quality Manual, available on the NOCN website.
