

Course Specification: Edge Protection

NOCN Group have produced this Assured Course in association with O'Halloran O'Brien (OHOB) Concrete Frames Division who for twenty years specialised in the high-rise residential market before expanded into the commercial, education, health and other publicly procured works. OHOB are based in the South-East of England and they are one of the largest reinforced concrete (RC) frames contractors in Greater London and the South-East, their project can be seen across the London skyline including several 50-storey+ structures in Canary Wharf.

The course aims to provide individuals with a knowledge and understanding of the assembly

This course will be a benefit to everyone that installs, transfers, dismantles, and inspects edge protection for RC frames.

The outline, structure and content of this course is assured by NOCN Group.

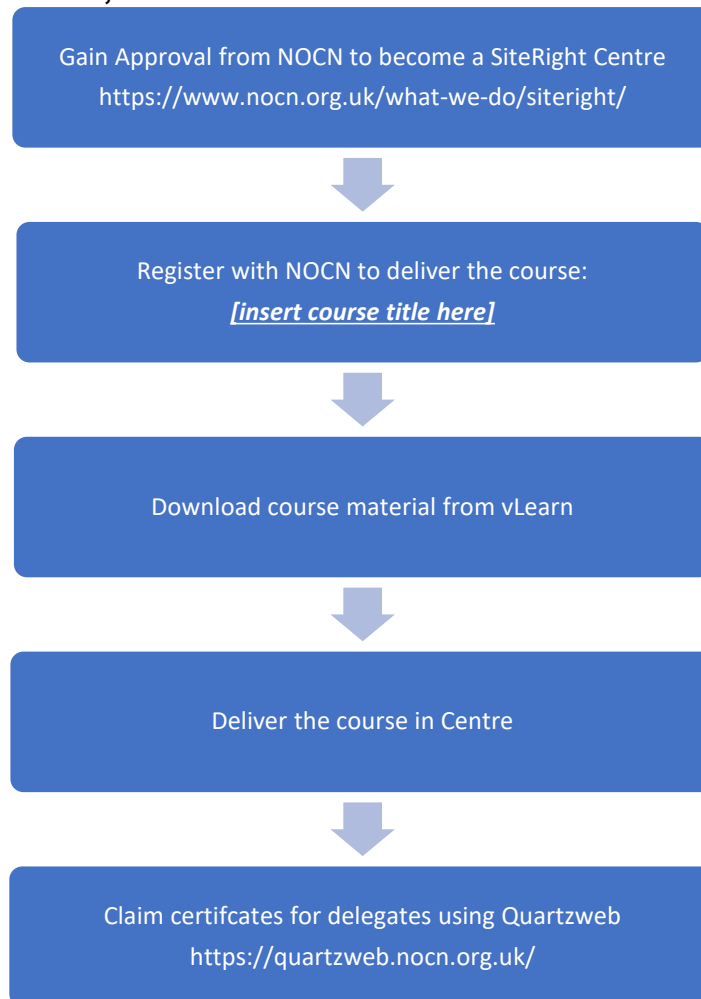

Course Content / Objectives

- Knowledge and Understanding for Safe Installation transfer and dismantling of edge protection equipment for RC frames.
- Associated Legislation and Regulations
- Inspection of Edge Protection for RC Frames
- Safe Systems of Work
- Components / Tools
- Temporary Works Design

Course Approval

Prior to advertising or delivering this Assured Course, organisations must first gain Centre Approval from NOCN as well as gaining approval for each individual SiteRight Assured Course. For further information regarding gaining approval, please contact the NOCN Quality Assurance Team at assurance@nocn.org.uk.

Approval, Readiness, Deliver and Certification Process

Trainer Requirements

A trainer is required to deliver this course. A trainer includes anyone within your Centre who is facilitating the training to learners in any environment e.g. tutor, trainer, teacher, coach, facilitator. That individual can also perform the role of Assessor for this course.

All trainers and assessors must:

- Hold verifiable knowledge of the occupational standards at or above the level being taught.
- Hold or be working towards a recognised teaching/training or assessor qualification (dependent on their role), examples of what NOCN will accept are detailed within the Quality Assurance Manual.
- Keep up to date with industry best practice for the duration of their role.
- Maintain a record of Continuous Personal Development (CPD).
- Hold an up to date CV.
- **Have completed the Train the Trainer course with OHOB**

Please refer to the SiteRight Assured Course Quality Manual, available on the NOCN website for further tutor requirements.

Resource and Equipment Requirements

In order to deliver the course, the Centre must have access to and make use of the following resources and equipment:

Requirement	Detail
Training Environment	<ul style="list-style-type: none"> On Site with Edge Protection installed or a propose built training area with Edge Protection
Tools/Equipment	<ul style="list-style-type: none"> Laptop, Power Point presentation and a screen
Personal Protective Equipment (minimum)	<ul style="list-style-type: none"> Full PPE as per site regulations
Delivery	<ul style="list-style-type: none"> Edge Protection / Panels / Posts and 20 metres of Edge Protection
Testing	<ul style="list-style-type: none"> Knowledge Test Practical Assessment

Course Delivery

The course must consist of a maximum of 10 delegates, unless pre-agreement is gained from NOCN. The course will be delivered over a ½ day period for 10 delegates which includes practical testing. It is aimed at learners 16 years and above.

The course is both theory-based, delivered via a presentation, and practical, delivered outside.

The NOCN assured training resources must be used to deliver the training. To ensure that the most up-to-date material is being used centres must download the material from vLearn each time, prior to delivery of a course. All surplus training material must be destroyed after each occasion that a course has been run.

The structure of the training is provided by the course PowerPoint and the tutor notes / lesson plan and industry handouts. Trainers are expected to use these resources to guarantee that delegates are witness to the total information required to successfully complete this course.

Assessment

There are 2 assessment methods: a practical assessment and a knowledge test.

Certification is then completed by the tutor once the delegates have completed the course.

Certification for this course is valid for 5 years from the date of training.

Quality Assurance

The Quality Assurance requirements of SiteRight Assured Course delivery can be found within the SiteRight Assured Course Quality Manual, available on the NOCN website.
