

Notification:

NOCN Level 3 Certificate in Hydrogen

Dear Colleague,

As part of our commitment to provide qualifications in line with industry requirements we regularly review and develop new qualifications across all occupations.

The NOCN group has developed the following new qualification:

NOCN Level 3 Certificate in Hydrogen (610/3658/4)

The qualification will be available for Centres to register their learners from the 29 January 2024

The purpose of this qualification is to equip learners with the knowledge and understanding to progress to further training in or progress into a job role in the hydrogen industry.

This Level 3 qualification provides learners with a range of knowledge around hydrogen. Learners will also develop an understanding of green skills, physics, and chemistry for working in the hydrogen industry.

Mandatory Group

The learner must achieve all 23 credits from the 7 mandatory components.

Unit	Ofqual Unit Ref	Credits	GL H	Level
Characteristics of hydrogen	Y/650/9629	4	24	3
Hydrogen production	F/650/9630	3	18	3
Hydrogen storage	H/650/9631	3	28	3
Hydrogen distribution	J/650/9632	3	18	3
Hydrogen energy conversion	K/650/9633	4	24	3
Hydrogen fuel cells	L/650/9634	3	18	3
Dangers and safe use of hydrogen	M/650/9635	3	18	3

Quartz web, Website, Horizon, will be updated accordingly with the new Qualification - **NOCN Level 3 Certificate in Hydrogen (610/3658/4)**

If you have any questions, please contact the customer coordinator on:

0300 999 1177 (select option 1, then 3)

Kind regards,

NOCN
