Notification:

Welding Skills – Metal Inert Gas (MIG) Welding – Short Course

Dear Colleague,

As part of our commitment to provide qualifications and short courses in line with industry requirements NOCN Group, in consultation with industry experts, have developed a new short course for welders:

- **Welding Skills – Metal Inert Gas (MIG) Welding**
- **Commencement date 20th January 2025**

This course is aimed at people wanting to learn more about welding and in particular the process of MIG Welding.

The course covers:

- Health and Safety Requirements of MIG welding
- Associated Risks of MIG welding
- Process specific requirements of MIG Welding
- Destructive Testing
- Key Material Properties
- Common Weld Defects
- Produce High Quality Welds in common position and Joint types

Quartz web, Horizon, and the Website will be updated accordingly.

If you have any questions, please contact a customer co-ordinator on:

0300 999 1177 (select option 1, then 3)

Kind regards,

NOCN
