

Title	NOCN International Level 2 Award in Mobile Elevating Work Platform (MEWP's) Safe Operating Techniques		
Topic Summary	The Mobile Elevating Work Platform (MWP) Safe Operating Techniques training program is to provide participants with the necessary skills, knowledge, and understanding to operate MEWPs safely and efficiently in various work environments.		
Target Audience	Operators of MEWP's, Supervisors and Engineers	Length of Study	8 hours

Unit(s) Learning Outcomes		
	Learning Outcome - 1: <ul style="list-style-type: none"> Understand the requirements of the regulations and approved codes of practice applicable to safe operation of MEWP's 	Assessment Criteria: <ul style="list-style-type: none"> Identify the requirements of regulations and approved codes of practice applicable to MEWP operation. Outline the employer's statutory obligation to provide safe site environment and workplace.
	Learning Outcome - 2: <ul style="list-style-type: none"> Understand the definition of MEWP & operator terminology and different types of MEWP's. 	Assessment Criteria: <ul style="list-style-type: none"> Define the terminology of MEWP operator. Outline the different types of MEWP's. Identify the different parts of MEWP's.
	Learning Outcome - 3: <ul style="list-style-type: none"> Understand the hazards and risk involved or associated with MEWP's operations. 	Assessment Criteria: <ul style="list-style-type: none"> Outline the hazard and risk factors of ignoring deploy trained operator. Outline the risk factors of MEWP operation. Outline the different hazards associated with MEWP operation.
Learning Outcome - 4: <ul style="list-style-type: none"> Understand the Key possible contributing factors for MEWP's accidents. 	Assessment Criteria: <ul style="list-style-type: none"> Outline the key possible contributing factors for accidents. Display the different videos related to the MEWP accidents. 	

	<p>Learning Outcome - 5:  Explain the roles and responsibilities of MEWP's operator.</p> <p>Learning Outcome - 6:  Understand the Risk assessment and risk controls to be applied for safe use MEWP's.</p> <p>Learning Outcome - 7:  Understand the concept of exclusion zone and training/competence requirement regarding MEWP's operation.</p> <p>Learning Outcome - 8:  Understand the inspection, maintenance and examination requirement for MEWP's.</p> <p>Learning Outcome - 9:  Understand the controls & moving operation of MEWP's and emergency control arrangements.</p>	<p>Assessment Criteria:</p> <ul style="list-style-type: none"> ▪ Outline roles and responsibilities of MEWP operators. ▪ Outline the requirement skills for MEWP operator. ▪ Record the inspection and take corrective action where required. <p>Assessment Criteria:</p> <ul style="list-style-type: none"> ▪ Chose the Risk assessment and the hierarchy of control. ▪ Outline the control measures to avoid risk factors related to operating MEWP's. ▪ Outline the safe system of work ▪ Outline MEWP's safety precautions. ▪ Safe traffic management plan. ▪ Perform parking/ stow procedure ▪ Chose refueling procedures ▪ Select loading, off-loading, securing & transportation of machines ▪ Identify how to maneuver machine ▪ Identify lifting, moving & placing of loads ▪ Outline stacking of loads & stacking rules ▪ Outline Loading / off-loading loads ▪ Outline ways on how to prevent and respond in emergency circumstances <p>Assessment Criteria:</p> <ul style="list-style-type: none"> ▪ Identify the requirement of exclusion zone while using MEWP for performing elevated activity. ▪ Identify the training requirement regarding MEWP's. <p>Assessment Criteria:</p> <ul style="list-style-type: none"> ▪ Outline the inspection, maintenance and examination requirement for MEWP's prior to operate MEWP's. <p>Assessment Criteria:</p> <ul style="list-style-type: none"> ▪ Identify the moving operations of MEWP's. ▪ Outline the control panel and its use of MEWP's. ▪ Outline the emergency arrangements while operating MEWP's. 	
Delivery Style	Classroom Learning	Certificate Validity	2 years
