Project title: World class skills and productivity for offsite construction

Project aim: Upskilling of trainers in construction sector

Project start April 8th 2019

Project completion June 2020

Collaborative partners:

- Manufacturing Technical College
- Supply Chain School
- NOCN_Cskills Awards
Developing offsite construction capability key priority in addressing poor productivity in sector and supporting industry to meet government targets.

CITB identified current lack of trainers with adequate knowledge of offsite construction for identified industry need; £1.2M funding for two projects to address

Purpose of project - to improve capability and capacity of the construction industry’s training network
  - Achieved through development of common and consistent set of high quality training materials (freely available to trainers) and upskilling of existing/new trainers

Grant funding for 15 month project awarded to:
  - Manufacturing Technology Centre (MTC), supported by two main delivery partners
  - Construction Scotland Innovation Centre (CSIC) and its partners

Project Objectives:
  - Develop new teaching materials and content to achieve greater standardisation and consistency in the delivery of offsite vocational qualifications, apprenticeships and short-duration training
  - Achieve significant industry uptake and adoption of new materials
  - Increase trainer capacity to deliver content, knowledge and skills through a ‘Train the Trainer’ programme
MTC - PROGRAMME METHODOLOGY

- Trainer Diagnostic: Identify knowledge & skills gaps, 60 Trainers
- Diagnostic Report: Details findings of diagnostic
- Trainer Upskilling Programme Pilot: Closes gaps in trainer knowledge & skills
- Learning Needs Analysis: Identify audience, identify content, identify knowledge gaps
- Training Design: Collates source material, optimises delivery mechanisms
- Const. Assy. Tech. Upskilling Programme Pilot: Closes gaps in knowledge/skills

Upskilled Trainer Population
Upskilled Const. Assy. Tech. Population
ATTEND THE OFFSITE CONSTRUCTION INTRODUCTION MEETING

What we need from you

To attend the 4th September introduction meeting for Owners, Principles and Heads of Departments

- You will gain a greater understanding of the project
- You will find out why it is important to take part in the project and the benefits to you
- You can meet the employer training managers who are supporting the bid
- You will understand the commitment being requested
- You will be able to visit the MTC where the Train the Trainer will be developed
